See homemade soda list previous page for additional selections

*Kegs are sold by the keg not the glass. If we provide the kegs for your event, we will bring along the tap(s) and/or jockey box to serve the beer.

FINE PRINT

WASHINGTON STATE LAW...requires that alcohol consumption is limited to those of legal drinking age (21 or older). Additionally, it prohibits alcohol service to those who appear intoxicated. While the party must go on, our service must comply with all Washington State laws related to the service of alcohol.

Employees of City Catering Company will card guests who appear to be younger than legal drinking age. We generally err on the side of caution -- meaning we card those who look younger than 30 years old. Carding guests is not limited to the point of service. We will refuse to serve those who appear intoxicated. If needed, we will take any actions necessary to stop any alcohol violations including suspending service until the problem is corrected. If problems continue, we may cease service for the remainder of the event.

The Washington State Liquor Control Board strongly discourages combining alcohol with energy drinks (i.e. Vodka and Red Bull). In fact, the sale of these premixed beverages has been banned in Washington. The combination of these two ingredients can mask the level of inebriation in a person leading to dangerous levels of alcohol in the body. City Catering will not serve this combination at the bar.

CLIENT PROVIDED ALCOHOL...can be served by City Catering employees. As stated above, we will comply with all Washington State Laws regarding alcohol service, even when it is client provided. We do not charge a corkage fee for serving your alcohol. Please take note of the following:

1. Washington State Law does not permit us to accept client provided alcohol at our shop. We understand that kegs are heavy and need to be kept cold. We will happily provide competitive pricing for your alcoholic beverages and kegs, but cannot store alcohol (including kegs) that were not purchased under our license.
2. Washington State Law also does not allow us to transport alcohol to or from events. If you are providing the drinks, you are responsible for getting the alcohol to the event and collecting it at the end of the event. We suggest you name a responsible party for this task. We'll pack it up neatly and leave it for you at the conclusion of the event.

PRICES... included in this menu are subject to change without notice. For up-to-date pricing, please contact us for an estimate.

SALES TAX... is charged on all food, beverage, services, and fees as required by law.

A 20% SERVICE CHARGE... will be added to your estimate on food and beverage charges. The entirety of this service charge is retained by City Catering. The funds collected are distributed to our valued team in the forms of commissions, increased wages, and benefits. We are required by law to collect tax on the service charge.
